June 12, 1968

WILL COUNTY - Solid Waste Disposal  
Rockdale/Banner

Banner Disposal, Inc.  
2100 Moen Avenue  
Joliet, Illinois 60436

Gentlemen:

The subject refuse disposal site owned and operated by you, located west of the Village of Rockdale along Moen Avenue, was inspected by Engineer Edward L. Marek of our Northeastern Regional Office and Engineer Robert Murray of the Will County Health Department on April 2, 1968.

Our Engineer reports that your operation was in violation of the Illinois Refuse Disposal Law and the Rules and Regulations for Refuse Disposal Sites for the following reasons. (We are enclosing copies of the above for your information and reference).

1. Rule 1.01 REGISTRATION. This site is not registered as required. Forms are enclosed for your use.
2. Rule 4.02(a) SITE APPROVAL. The matter of stream pollution was presented in considerable detail in the May 8, 1968, letter you received from the Illinois Sanitary Water Board. This matter must be satisfactorily resolved.
3. Rule 5.04 UNLOADING. Blowing litter from this operation is a serious problem and was not being controlled at the time of this visit.  
Portable fences must be used when necessary to control blowing litter from the unloading site. The fill and surrounding area must be policed as necessary to collect all scattered material.
4. Rule 5.06 SPREADING AND COMPACTING OF REFUSE. The side slopes of your fill operation were not being properly covered.
5. Rule 5.07 COVER. The material being used for cover is unacceptable. Please refer to the information presented in Rule 5.07 as to what constitutes an acceptable type cover material.

We request an acknowledgement of this letter together with information as to what action has been or will be taken to bring this sanitary landfill operation into compliance with the requirements of this Department.

Should you have any questions regarding this letter, please call upon this office or upon our Northeastern Regional Office, 48 West Galea Boulevard, Aurora, Illinois (TW 2-4272).

Very truly yours,

ILLINOIS DEPARTMENT OF PUBLIC HEALTH
